Decorative Metal

Signs, screens, displays, and trim

Decorative & Branded Metal

Custom visible metalwork for signs, logo panels, branded displays, decorative grilles, screens, trim, outdoor spaces, and finished openings.

- Logo panels, sign faces, display counters, fireplace screens, entry inserts, outdoor kitchen panels, stainless trim, and exposed customer-facing metalwork.
- Logo artwork, material, visible faces, hardware, finish, and mounting details are coordinated before release.
- Artwork, material, visible faces, fasteners, mounting method, finish, access, and field responsibility are resolved before release.

SCOPE	**Signs, screens, displays**
INPUT	**Logo, sketch, photo**
RELEASE	**Approved artwork**

Construction Standard

Application	Custom visible metalwork for commercial spaces, restaurants, offices, showrooms, patios, entries, outdoor kitchens, and customer-facing equipment.
Logo panels	Work may include steel, stainless, aluminum, mesh, perforated metal, flat bar, tube, plate, or formed sheet selected around the desired appearance and service condition.
Trim material	Logo files, lettering, patterns, and decorative geometry are converted into buildable cut paths, panel breaks, reveals, backing details, and mounting features.
Standard lengths	Laser-cut faces, formed returns, trim, standoffs, backers, mesh, hinges, handles, frames, doors, and access panels are coordinated to the released scope.
Visible finish	Visible faces, seams, weld cleanup, fasteners, brushed direction, paint, powder coating, and protected surfaces are identified before fabrication.
Joint finish	Lighting, graphics, electrical components, field attachment, wall conditions, masonry, glass, wood, stone, tile, and final installation remain by others unless quoted.
Quality check	Approved artwork, released dimensions, finish, loose hardware, packaging, and delivery are checked before release. Field fit and installation remain by others unless quoted.

Decorative Metal

Build Quality

Artwork approved	Visible faces	Mounting planned	Finish protected
Logo and pattern work follows approved artwork.	Edges, seams, grain, fasteners, and finish are reviewed.	Backers, standoffs, tabs, frames, and holes are coordinated.	Paint, coating, brushed surfaces, and protected faces are handled as quoted.

Product Types

Logo panels	Cut letters, logo faces, dimensional panels, wall signs, plaques, backers, standoffs, and mounting tabs.
Displays	Showroom counters, branded fixtures, product stands, demo carts, kiosks, display bases, and lockable access panels.
Screens	Decorative mesh doors, fireplace screens, entry inserts, grilles, privacy panels, vents, and removable covers.
Outdoor metal	BBQ island panels, counters, access doors, patio gates, masonry inserts, and exterior finish-visible trim.
Stainless & trim	Cabinet faces, wall panels, counters, reveal trim, finished covers, protective panels, and visible metal accents.
Repeat work	Approved artwork, patterns, samples, and fixtures can support repeat panels, signs, displays, and trim packages.

Build Options

Logo and sign panels

Cut faces, dimensional letters, backing plates, standoffs, plaques, and painted or coated panels.

Decorative screens

Mesh doors, grille inserts, privacy panels, fireplace screens, and ornamental patterns.

Decorative screens

Counters, product displays, demo stands, rolling fixtures, branded faces, and lockable access.

Finish-visible trim

Stainless panels, counters, cabinet faces, access doors, covers, and exposed metal details.

Detail Functions

Mark	Finish	Show	Fit
Logo panel	**Screens**	**Display fixture**	**Finished trim**
Creates a branded face, sign, or display element from approved artwork.	Closes exposed sheet edges at the end of a panel run.	Supports products, graphics, controls, and branded showroom presentation.	Coordinates visible edges, counters, panels, doors, and surrounding surfaces.

Optional Accessories

Mounting hardware

Tabs, holes, backers, standoffs, frames, brackets, and visible or concealed fasteners.

Access hardware

Hinges, handles, locks, removable panels, lift-off covers, and service openings.

Finish coordination

Paint, powder coating, brushed stainless, protective film, and color requirements.

Field coordination

Piece marks, mounting notes, packaging, delivery groups, and install-by-others requirements.

Required for Quote / Release

- Logo file, sketch, drawing, photo, sample, or description of the intended appearance and use.
- Overall size, opening dimensions, mounting surface, field condition, and visible faces.
- Hardware, backers, standoffs, hinges, locks, handles, lighting, graphics, or supplied components.
- Hardware, backers, standoffs, hinges, locks, handles, lighting, graphics, or supplied components.
- Quantity, required date, delivery method, approval contact, packaging, delivery limitations, and installation responsibility.

Decorative Metal

Applications & details

Logo panels

Displays organize seams between neighboring stainless panels and help create a deliberate, repeatable layout. Panel sizes, grain direction, joint locations, and field tolerances should be coordinated before material is cut.

Applications & details

Branded displays

Display counters, product stands, demo fixtures, and kiosks can combine formed panels, cabinet faces, mesh, casters, lockable access, graphics, trim, and customer-supplied display components.

Decorative Metal

Applications & details

Decorative screens

Repeat work are formed to the released wall or curb width with nominal 1-1/2" legs. End returns, joints, obstructions, and field-fit allowances should be identified when a cap run is measured and released.

Not Included Unless Quoted

- Graphic design, trademark review, electrical components, illumination systems, permits, engineering, or code review.
- Installation, field wiring, masonry, glass, wood, stone, tile, final painting, or field touch-up unless listed.
- Changes to artwork, color, mounting location, backing, hardware, finish, or dimensions after release.

Scope & Responsibility

Scope note: Legacy fabricates to released dimensions, approved artwork, and quoted requirements. Final design approval, trademark rights, electrical work, anchorage, code compliance, installation, field verification, and final acceptance remain by others unless expressly included.

Ready to Quote?

Send the logo, opening, sketch, or photo.

Include size, mounting location, finish preference, quantity, hardware, lighting, and any field conditions the metal has to work around.
